FLOOD HAZARD DEVELOPMENT PERMIT

PART I

CHEATHAM COUNTY, TENNESSEE

(For New Construction or Substantial Improvements)

For New Construction or Substantial Improvement of any structure, this Flood Hazard Development Permit allows construction only up to the establishment of the lowest floor. This permit is issued based on documentation that the information provided in the Flood Hazard Development Permit Application is in compliance with the Floodplain Management Resolution of Cheatham County, TN. Once the lowest floor is established, the permittee must provide an Elevation Certificate establishing the as built lowest floor elevation. When the Floodplain Administrator finds the documentation in the Elevation Certificate to be in compliance with the Floodplain Management Resolution, the Part II Flood Hazard Development Permit shall be issued. The Part II Permit must be issued in order for construction to continue.

A Part I Flood Hazard Development Permit is hereby issued as provided under the Floodplain Management Resolution of Cheatham County, TN for development as defined in said ordinance.

Tax Map: _____ Parcel #: _____ Lot #: _____

Project Description: _____

The permittee understands and agrees that:

- No work of any kind may begin until all permits are issued.
- Any permit issued may be revoked if any false statements are made herein;
- Once a permit is revoked all work shall cease until the permit is reissued or a new permit is issued;
- Permits issued on this application do not grant right or privilege to erect or use any structure, premises, or property prohibited by the ordinances, codes, or regulations of the county or FEMA.
- The applicant hereby gives consent to the Floodplain Administrator or authorized agent to enter and inspect activity covered under the provisions of the Floodplain Management Ordinance;
- If issued, the permit form will be posted in a conspicuous place on the premises in plain view; and,
- If issued, the permit will expire if no work commences within 180 days of issuance.
- No use of property, structure, or infrastructure is permitted until a Certificate of Compliance is issued by the Floodplain Administrator.

I hereby certify that all the statements in, and in the attachments to this permit are a true description of the existing property and the proposed development project.

FLOOD HAZARD DEVELOPMENT PERMIT

For Minor Development

CHEATHAM, TN

(For Development not considered a Substantial Improvement)

This Flood Hazard Development Permit allows minor development as provided in Article 5.070 of the Floodplain Management Resolution of Cheatham County, TN for development as defined in Resolution 12, (21 December 1992) **of CHEATHAM COUTNY, TN, for development in a Special Flood Hazard Area (SFHA) as defined in said ordinance.** Development authorized by this permit must be adequately anchored to prevent flotation, collapse, or lateral movement resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, be constructed with materials resistant to flood damage and be constructed by methods and practices that minimize flood damage. This permit is issued based on documentation that the information provided in the Flood Hazard Development Permit Application is in compliance with the Floodplain Management Resolution.
